

Discover the culture, history and natural beauty of Chile, found throughout this long and slender land.

Chile stretches 2,690 mi (4.329 km) from its northern border to its southern tip, which makes Chile's nature very diverse with enchanting landscapes, among them *explora's* main destinations in Atacama, Easter Island and Patagonia. Discover two or more of our destinations and enjoy the beauty of Chile and its most remote places with a unique program, created just for the Bicentennial.

**Combine 2 or 3 *explora* destinations from June to September**

Travelers who combine two or more *explora* destinations, with a minimum of 4 nights in Patagonia and 3 nights in Atacama or Rapa Nui, will receive a special rate of 600 USD per person per night when travelling between June 1st and September 30th, 2010.

**Choose the *explora* destination that you prefer during the month of September**

For September only, we are offering a unique rate of 600 USD per person per night, with a 4 night minimum in any *explora* destination, with no need to combine destinations.
